

GSD League of Great Britain – Appeal against suspension outcome.

The GSD League Council have been informed that the KC Appeals Tribunal has upheld the KC General Committee's decision to suspend the KC registration of the GSD League of Great Britain for a period of twelve months.

The conditions required for the General Committee to consider re-instating the registration remain that we confirm we will not use the word Champion and we will not hold our own Sieger show.

We have also received confirmation that this suspension does not affect our working members who qualify to represent Great Britain in the FCI IPO World Championships.

The GSD League Council will take time to consider its response to this information and will discuss the issues with our members.
